

## L825 Multi position bench

- **Designed for optimum exercise biomechanics**. Guarantee smooth, natural movements for full muscle concentration
- Structure raised 50mm above floor level with rubber tipped feet. This provides access for cleaning and vacuuming without scratching the paint.
- Three layer coating. Enhanced by an initial anti-corrosion primer, followed by an eposxy powder layer and a lacquer or barnish.
- Injected core fireproof seat. Unlike the classic foam padded particle boards, the injected core offers the advantage of uniformity, anti-distortion and greater anti-bacterial protection.
- Resistance adapted to all the strength moments developed throughout the whole movement.
- Setting elements are bright contrasting yellow. They provide a quick and easy visual identification of the selectors to be adjusted by any user, without help from the coach.
- Round edges with elliptical section in order to avoid cuts and knocks.

Length: 121,2 cm / 47,8 in Width: 75 cm / 29,6 in Heiht: 46,5 cm / 18,3 in Weight: 39 Kg / 86 lbs
