

L870 Barbell Rack

- **Three layer coating.** The design of this professional, up-to-date, stylish system is enhanced still further by its 3-layer coating comprising an initial anti-corrosion primer, for guaranteed durability, followed by an epoxy powder layer.
- **Structure raised 50 mm above floor level with rubber tipped feet.** This provides access for cleaning and vacuuming without scratching the paint.
- **4 mm thick ST-37 / 40 steel frame.** For guaranteed durability
- **Tubes with rounded elliptical section,** that prevent cuts and blows
- **Use of laser cutting technology,** For optimum tube cutting precision.
- **Stainless steel components,** Designed to offer long-lasting durability.
- **Racks with capacity for 8 bars and double auxiliary tray for storing handles.**
