

X805 40° inclined bench

- **4 mm thick ST-37 / 40 steel frame.** For guaranteed durability
- **Three layer coating.** The design of this professional, up-to-date, stylish system is enhanced still further by its -layer coating comprising an initial anti-corrosion primer, for guaranteed durability, followed by an epoxy powder layer
- **Use of laser cutting technology.** For optimum tube cutting precision
- **Injected core seat.** Unlike the classic foam padded particle boards, the injected core offers the advantage of uniformity, anti-distortion and greater anti-bacterial protection.
- **Stainless steel components.** Designed to offer long-lasting durability.

Specifications:

Length: 136 cm / 53"
Width: 65 cm / 25,4"
Height: 92 cm / 36"
Weight: 40 Kg. / 88lbs
