

POWER CAGE SERIES

Power Cage G314

BH

R.R.P.

Strength

The Power Cage has been designed to carry out free weight and functional training in a secure environment, thanks to its construction and side safety bars or spotters. Additionally, it allows you to store your weights with the integrated supports.

- Max. user weight: 140kg
- Weight: 67,5kg
- Dimensions: 128 x 113 x 210 cm
- Máx. load: 360kg

*Olympic bar and discs not included

DISC STORAGE

Allows storing a load of up to 110kg on each rack.

PULL-UP BAR

The pull-up bar provides an effective exercise that challenges the muscles of the upper body, comprehensively strengthening the back, shoulders, and arms.

SPOTTER

Perform exercises to failure with the peace of mind provided by the side safety bars.

J-HOOKS

Designed for easy bar removal, while safely locking the bar in place once the exercise is complete.
