

RS LINE SERIES

RS1000 G6179

R.R.P.

The RS1000 is the only foldable treadmill designed for Light Commercial Use thanks to its AC motor and 22 Km/h. It is a great option for small fitness centers such as hotels, residences or studios. With its foldable frame, the facilities will be able to optimize the space.

Monitor

Measures:

Distance, incline, time, speed, calories.

- Max. user weight: 150Kg
- Weight: 114Kg
- Dimensions: 200cm x 92cm x 159cm
- Power: AC 3.5HP
- Speed: 1-22Km/h
- Running surface: 150x55cm

AC MOTOR

The RS1000 includes a 3.5HP AC motor that allows a maximum speed of 22 Km/h with 15% electric incline.

INCLINE

With the 15% incline of this treadmill, users can push their effort during the running sessions. Both the incline and the speed can be easily set with the easy access buttons included in the console.

INSTANT KEYS

The instant keys integrated in the handlebars to adjust the incline and speed in a very accessible way.

FOLDABLE

This is specially useful for facilities that have space problems, for the machine can be easily folded and stored while it is not being used (137x92x166).

Specifications	RS1000 - G6179
